I wanted to take a moment to thank you for your hard work in organizing the Shaker Heights K-4 Chess Tournament and for organizing the Chess Club at Boulevard. My son Noah has developed a great appreciation for Chess because of your program and had a terrific time at the Tournament. He could not be more proud of the Participant's medal that you provided for all the kids. Chess is a great opportunity for kids to learn sportsmanship and discipline in a safe setting. I am glad that through your dedication, children like Noah have this opportunity at such a young age.

Thanks again,

Morris Wheeler
