Info: Contact: Roy-Allen Bumpers, 216-321-7000.

The newest addition to our wildly popular Sunday Chess Classes, the Rising Stars tournament series is designed specifically for scholastic players with USCF ratings over 1000 to compete against one another in weekly, 3 game, round robin tournaments. Unlike the Championship Challenge, Rising Stars players will not receive any instruction or game analysis, but they do get the benefit of playing an additional rated game, as well as the ability to pay for events “a la carte” if they do not plan to attend all 12 weeks. This is a great opportunity for the up and coming player to try increase their rating and test their skill among some of the best young players in Northeast Ohio. A one-year USCF membership is included for new and expired players with purchase of the 12 week package! For more information, call the number above or send an email to programs@progresswithchess.org.
