We offer a professional staff of instructors, assisted by accomplished high school players.

Format: Both groups will start with an interactive lesson on Zoom using a virtual chess board. Beginning-Novice students will master the rules and moves of the pieces, basic strategy, and checkmates. will explore openings, endgames, tactics, and checkmate patterns. Afterwards students will login to chesskid.com or lichess.org with accounts we will create for them and challenge classmates, instructors or robots, access tutorials, or engage in chess puzzle battles or other fun chess activities.
