

Westlake Elementary Chess Club

Project Link and **Progress with Chess** are pleased to offer K-4 **Westlake Elementary** students the exciting opportunity to learn and play the game of chess!

This is a fantastic opportunity for students to hone their problem-solving skills, make new friends over the board, and join in the tradition of studying and celebrating one of the world's oldest games.

No previous experience necessary – students start at their own level. Instruction will be provided by **Progress with Chess**, a local nonprofit organization with chess programs in over 50 area schools and recreation centers. Sessions will include interactive lessons and structured open play in a supportive environment. Come join the fun!
